

Hosting a King After 5

Our King After 5's (KA5) networking events provide Chamber members and local businesses with a unique opportunity to connect, share ideas, and cultivate valuable relationships in a relaxed and friendly atmosphere. These informal gatherings are designed to foster collaboration, inspire new ideas, and strengthen connections within the business community.

Typically held during the third week of each month, KA5 events rotate between different host locations, offering attendees a fresh and engaging environment to network. Each host business provides the venue along with food and drinks, creating a welcoming space where professionals can engage in meaningful conversations and explore potential partnerships.

Whether you're looking to expand your network, exchange innovative ideas, or simply enjoy a vibrant business community, King After 5's are the perfect opportunity to connect in a dynamic and enjoyable setting.
